Dear Sir/Madam:

This is in response to a Notice To Comply With Requirements For Patent Applications Containing Nucleotide Sequence and/or Amino Acid Sequence Disclosures, communicated to Applicants' representative in a telephone call with the Examiner on March 7, 2011.

The U.S. Patent and Trademark Office has taken the position that the previous "Sequence Listing" in computer readable form did not comply with the requirements of Section 1.821.

Submitted herewith in connection with the above-referenced patent application is a copy of the Sequence Listing submitted June 12, 2007, in computer readable format that corrects the defects of the prior computer readable copy of the sequence listing. The Sequence Listing provided herewith will replace all prior versions of the sequence listing in the application. No new matter has been added to the computer readable copy of the Sequence Listing.
